Personal Projects

- Built an ETL pipeline on AWS using MySQL to archive service alerts on the NYC subway - [Link](#)
- Developed a machine learning system using TensorFlow in Python to advise decisions in the trading card game Magic: The Gathering - [Link](#)
- Wrote a data pipeline using Pandas in Python to collect disparate SEC filing data and process it into compiled training examples - [Link](#)
- Created dashboards in Tableau to visualize usage patterns of Citi Bike - [Link](#)
- Maintained a website to present my personal projects - [Link](#)

Work Experience

SummerTech Computer Camp – Code Teacher

June 2014 – August 2019 (Summers) | Purchase, NY

- Taught computer programming skills to students ages 8-17
- Instructed in Python, Java, HTML/CSS, JavaScript, and React
- Adapted curriculum and learned new technologies to support students' individual learning goals
- Collaborated with teams to organize and run camp activities and events

Fordham University, Department of Transportation – Dispatcher

August 2018 – June 2019 | Bronx, NY

- Oversaw day-to-day operations of a transportation system with annual ridership of over 250,000 passengers and a 40+ vehicle fleet
- Supervised a team of 8 to 15 drivers at a time
- Assisted customers, processed transactions, and answered incoming phone calls
- Handled opening and closing procedures, and other office duties

Fordham University, Department of Transportation – Driver

August 2017 – June 2019 | Bronx, NY

- Operated 15-seat vans between Fordham's New York campuses
- Collaborated with other drivers to complete chartered trips for various university departments
- Inspected, fueled, and performed routine maintenance on a 40+ vehicle fleet
- Assisted in on-the-job training of new drivers

United States Census Bureau – Enumerator

August 2020 – October 2020 | Scarsdale, NY

- Conducted census interviews to count the residents of Scarsdale and White Plains, New York
- Utilized strategies to communicate the importance of census participation, and to communicate with respondents with limited English proficiency
- Adhered to confidentiality procedures to protect sensitive personal information
